

## 2011 Plan Changes

Section	Changes Made	Reason for Changes
Table of Contents	Addition of Section 1 (Introduction) and elaboration on Section 2 (Prerequisites), Section 4 (Risk Assessment) and Section 5 (Mitigation)	Addition of Section 1 will make plan easier to understand. Elaboration of Sections 2, 4, and 5 will make it easier to navigate through plan.
1-Introduction	Change introduction to include description of plan and purpose	Change layout of plan in order to incorporate special considerations (suggestions) in hazard mitigation planning guidance
1-Introduction	Addition of Regional Description	Special consideration listed in 2008 hazard mitigation planning guidance
4-Risk Assessment	Combination of Cold Wave and Heat Wave into Extreme Temperatures, combination of Lightning, Thunderstorms and Hail, and Combination of Ice Storms and Snowfall in Winter Weather	Suggestion gathered during initial planning meetings to minimize categories by combining similar hazards
4-Risk Assessment	Addition of Man-Made Disasters (Hazardous Materials), Pandemic, and Terrorism	Suggestion of FEMA in planning guidance Integrating Manmade Hazards into Mitigation Planning (2003)
4-Risk Assessment	Breakdown into transportation systems, lifeline utility systems, essential facilities, communication and residential/commercial	Suggested breakdown in FEMA hazard mitigation planning guidance to meeting Requirement 201.6 ( c ) (2) (ii) (A)
4-Risk Assessment	Addition of ferries to transportation, miles of waste water lines, storage tanks to utility lifelines, senior citizen centers, jails and mental health facilities to essential facilities, telephone, newspapers, repeater sites, base stations, and television stations to communication	Addition of ferries, miles of waste water lines, storage tanks, telephone, newspaper, repeater sites, base stations, and television stations in an effort to make a more comprehensive list. Addition of senior citizen centers and mental health facilities was a suggested special consideration in hazard mitigation planning guidance and viewed as a need during planning meetings.
